

The City of Long Lake offers four neighborhood parks, each with a variety of amenities, and maintained by the Public Works Department. Nelson Lakeside Park is located on Long Lake and in the heart of our downtown and features a public launch, fishing pier, picnic shelter (reservable), swimming beach, nine-hole disc golf course, and playground. Holbrook Park has a small sheltered area, ballfield (reservable, subject to availability), and either skating rinks or an off-leash dog area (seasonal). Hardin Park is located at the junction of the Luce Line Trail and Wurzer Trail and has a small shelter, a bike repair station conveniently located near the trails, playground equipment, a basketball court, and a tennis/pickleball court. Dexter Park has a small shelter, a basketball court and playground equipment, and is located in a great spot to serve the surrounding higher density residential area in that part of town. For more information on each park, please click on the buttons provided.

*To report any damages or repairs needed to park property, please **call 952-476-6961 x4** for the Public Works Department.*

Park Bench Donation Program

A Park Bench Donation Program is available to offer an opportunity for those interested in honoring a loved one or recognizing someone's special achievement through commemorating a park bench for placement in a City park or along a trail facility. Please view program details and print a [park bench donation application form](#).

Trail Facilities

Local Trails & Sidewalks

Municipal trails and sidewalks are available in the downtown area and throughout our parks/neighborhoods. View a [City parks and trails map](#).

Luce Line State Trail

The Luce Line State Trail is a 63-mile-long former railroad grade that was developed for biking, hiking, horseback riding, and mountain biking. View the [trail map with parking](#) information and a description of facilities available along the railway. For additional information about this state trail, [please visit the Mn/DNR's website](#).
