BUSINESS ITEMS

Discuss Long Lake Investments - Jack Fay, Ehlers

Ehlers-Fay presented a few slides explaining the way cities can invest public money. Some of more or less risk and also different rates.

Long Lake has CDs coming due and cash in money market accounts and the board agreed to continue short term CDs and savings accounts since there is always the opportunity for the rates to increase.

Discuss No Parking Restriction Along CSAH 112

Staff presented a memo from Chief Risvold explaining inquiries/complaints regarding parking along CSAH 112 between the Birch's entries. Due to the sightlines and speed it is suggested Long Lake establish no parking in the area.

Council/Staff will talk about it with Hennepin County during the early stages of Phase 2 planning or sooner if possible.

Discuss Pavement Management Plan Strategy – City Engineer (Chris LaBounty, WSB & Associates)

Tabled until next meeting.

Update on Well Controls - City Engineer (Chris LaBounty, WSB & Associates)

WSB-LaBounty reported they found a person that knows Long Lake's current system and in the metro. Trying to find a time to schedule a well inspection.

Update Regarding Public Works Director Job Posting

Due to the lack of applications the job ad will be changed. By lessening the requirements Staff feels more people will be qualified and will apply.

OTHER BUSINESS

No other business was discussed.

ADJOURN

Hearing no objection, Mayor Chillstrom adjourned the work session at 6:34 pm by general consent.

Respectfully submitted,

Scott Weske, City Administrator
